

Cornwall Innovation

Have partnered with

Enterprise 'Car Club' is Now Available on the University Campus.

A **pay by the hour vehicle** provides a fantastic, **sustainable** solution for those who do not have the need for a permanent company car.

This system will not only **reduce congestion** but is also great if you have an important meeting you need to travel to.

Once you join, you will be given an access card and be directed to the app which allows you to **reserve a car ahead of time**, lock and unlock the car and extend your reservation time.

For more information, visit Enterprises' Car Club page:
